West Star Aviation Inc. To Display Falcon 50 With 50Dash4 Performance Upgrade At EBACE 2008

East Alton, IL, April 22, 2008– West Star Aviation Inc. is pleased to announce that they will exhibit a newly completed Falcon 50 with the 50Dash4 Performance Upgrade at the EBACE 2008 Static Display. The aircraft will be in the Honeywell display space # 16 in zone 1.

The 50Dash4 Performance Upgrade provides 33 percent more range, 14 percent less fuel burn, 24 KTAS increase and is seven minutes faster to FL350 compared to a dash 3-powered Falcon 50. Additionally the aircraft, S/N 088, has been outfitted with Proline 21 avionics, new custom interior, and exterior paint.

“People who are interested in the Falcon 50 class of aircraft owe it to themselves to review this aircraft,” says Jim Swehla, V.P. Sales and Marketing, West Star Aviation. “The 50Dash4 Performance Upgrade can be installed on a customer’s existing Falcon 50 or the display aircraft is ready for immediate delivery, just add an exterior paint stripe.”

With locations in East Alton, Illinois; Grand Junction, Colorado; and Dallas, Texas; West Star Aviation, Inc. specializes in airframe maintenance, engine repair and maintenance, interior, paint and avionics upgrades for a wide variety of today’s corporate and general aviation aircraft including Falcon, Lear, Conquest, Citation, Hawker, Challenger, Beechjets, and King Air aircraft.
