WEST STAR AVIATION LAUNCHES NEW AND IMPROVED
“EXPERIENCE ON CALL” APP

East Alton, IL, June 19, 2013- West Star Aviation recently launched a new and improved version of their “Experience on Call” app. Specifically designed for iPhone and iPad users, the free app is now available and can be downloaded from the iTunes Store.

The app was designed to provide direct contact to a full directory of professionals at West Star, wherever assistance is required. The app allows users to select and directly contact the West Star team member who best fits their needs based on aircraft type, service needed, and location. The new version of the app makes it easier than ever for users to get all the information they need from West Star.

In addition to being reformatted for the iPad, the new app has major enhancements to the navigation functions and photo galleries. With just a few clicks, users can gain access to: Full contact information for West Star team members, specific location information, quick-loading photo galleries, the latest news from West Star, and the option to request more information.

In order to access the app, users can simply run the “update” on their existing “Experience on Call” app. There is no need to delete or reinstall the app, simply run the update. To download the app for the first time, users can head over to the iTunes Store for a free download.

West Star Aviation, Inc. specializes in the repair and maintenance of airframes, windows, and engines, as well as major modifications, avionics installation and repair, interior refurbishment, surplus avionics sales, accessory services, paint and parts.
