**WEST STAR AVIATION NOW OFFERING SALE AND INSTALLATION OF  
HUD VISION ACCESS™ FOR CHALLENGER 604**

**East Alton, IL, August 27, 2013-** West Star Aviation recently announced they have been named an authorized installation dealer for the Jetcraft Corporation's Enhanced Flight Vision System (EFVS), known as HUD Vision Access™ system for the Challenger 604 aircraft.

In June 2013, the Federal Administration (FAA) awarded "lower landing credit" approved supplemental type certificate (STC) for the EFVS.

The HUD Vision Access system provides numerous benefits to the operator, including: Safer taxi, take-off and land in low visibility conditions such as total darkness, fog, rain, snow, and smog. In addition, the system allows operators to descend below the lower minimums, giving them access to areas where other aircraft and operators cannot land.

To learn more or to schedule service contact Marty Rhine, Avionics Sales Manager, at 618-258-8813. West Star is a one-stop service source for all Challenger CL300, 600, 601, 604, 605, Global, Global 5000, and Global Express. For a full list of Challenger capabilities, visit [www.weststaraviation.com](http://www.weststaraviation.com).

West Star Aviation, Inc. specializes in the repair and maintenance of airframes, windows, and engines, as well as major modifications, avionics installation and repair, interior refurbishment, surplus avionics sales, accessory services, paint and parts.

In addition to its facilities in East Alton, IL; Grand Junction, CO; and Columbia, SC. West Star Aviation runs the maintenance operations at Aspen-Pitkin County Airport in Aspen, CO and at Spirit of St. Louis Airport in Chesterfield, MO. The company also provides complete FBO services for transient aircraft at its newly remodeled East Alton and Grand Junction facilities. West Star Aviation, Inc. is an industry leader in technical experience and expertise while providing world-class customer services in all the organization's divisions.
