FOR IMMEDIATE RELEASE

West Star Aviation Named David Feuerhak As Avionics Technical Sales Manager

East Alton, IL, February 7, 2017- West Star Aviation is pleased to announce David Feuerhak has been named as Avionics Technical Sales Manager.

David began his career in aviation in 1996 in the Army National Guard. He led a team of 12 technicians that conducted board level electronics repair of Army Aviation communication, navigation and aircraft survival equipment.

After completing three tours in the Army, David began his career at West Star Aviation in 2005 and has held various positions within the company from Avionics Lead Installer, to Avionics Supervisor, Avionics Manager, and most currently, Avionics System Engineer before accepting the position of Avionics Technical Sales Manager.

His training and education consist of a Bachelors of Science in Business Management from Liberty University. Also, he attended Avionics Flight Management School in Gordon, GA. The school consisted of training for board level repairs on Army aviation electronic devices.

"Dave has the all encompassing knowledge of the avionics sector and he is going to fit in great in this role. His role as a technical sales manager will strengthen the sales team as well as help with the growth of our avionics sales efforts," said Marty Rhine, Director of Sales, West Star Aviation.

Voted #1 Preferred MRO in the 2014, 2015 and 2016 *Professional Pilot* magazine annual "Preferences Regarding Aviation Services and Equipment" (PRASE) Survey for three consecutive years, West Star Aviation specializes in the repair and maintenance of airframes, windows, and engines, as well as major modifications, avionics installation and repair, interior refurbishment, surplus avionics sales, accessory services, paint and parts.

In addition to its facilities in East Alton, IL; Grand Junction, CO; and Chattanooga, TN, West Star Aviation runs maintenance operations at Aspen-Pitkin County Airport in Aspen, CO; Chicago Executive Airport in Chicago, IL and Centennial Airport in Denver, CO. The company also provides complete FBO services for transient aircraft at its newly remodeled East Alton and Grand Junction facilities.
