## **FOR IMMEDIATE RELEASE**

### **West Star Aviation Receives ODA Approval**

**East Alton, IL, March 21, 2017-** West Star Aviation is pleased to announce its Organization Designation Authorization (ODA) Procedures Manual (PM) Rev. C received FAA approval. West Star is now delegated to accept Instructions for Continued Airworthiness (ICAs). The ICA delegated acceptance authority will enable West Star to be in better control of Supplemental Type Certificates (STC) schedule.

As an FAA-designated ODA, West Star is authorized to perform as a representative of the FAA for issuing STCs to applicants that meet the criteria defined in the ODA procedures manual.

"We are very excited about this approval as we are continually working to increase our capabilities and relationship with the FAA. Our expert staff and proven maintenance record help us to continue to grow in terms of our relationships with OEMs, and the FAA," said Jeff Maszkiewicz, Director of Engineering, West Star Aviation.

Voted #1 Preferred MRO in the 2014, 2015 and 2016 *Professional Pilot* magazine annual "Preferences Regarding Aviation Services and Equipment" (PRASE) Survey for three consecutive years, West Star Aviation specializes in the repair and maintenance of airframes, windows, and engines, as well as major modifications, avionics installation and repair, interior refurbishment, surplus avionics sales, accessory services, paint and parts.

In addition to its facilities in East Alton, IL; Grand Junction, CO; and Chattanooga, TN, West Star Aviation runs maintenance operations at Aspen-Pitkin County Airport in Aspen, CO; Chicago Executive Airport in Chicago, IL; Centennial Airport in Denver, CO and Conroe-North Houston Regional Airport in Houston, TX. The company also provides complete FBO services for transient aircraft at its newly remodeled East Alton and Grand Junction facilities. West Star Aviation is an industry leader in technical experience and expertise while providing world-class customer services in all the organization's divisions.
