FOR IMMEDIATE RELEASE

West Star Aviation Completes First Falcon 7X C-Inspection

July 26, 2018 - West Star Aviation is pleased to announce the company recently completed its first Falcon 7X C- inspection at its East Alton, IL, facility.

In addition to the Falcon 7X C-inspection, which is the most comprehensive inspection for potential major maintenance for the Falcon 7X aircraft, West Star also performed a complete paint and interior transformation in addition to a Honeywell Ovation™ cabin avionics upgrade.

"We are pleased to continue to offer one-stop capabilities to our Falcon customers at all of our facilities," said Eric Kujawa, Vice President, Falcon Product Development, West Star Aviation. "This is the first C-inspection West Star has completed on a Falcon 7X, so this is a milestone for the company and East Alton. We look forward to continuing to expand our Falcon capabilities at all four of our state-of-the-art facilities," Kujawa continued.

Voted #1 Preferred MRO for five consecutive years from 2014-2018 in *Professional Pilot Magazine's* annual "Preferences Regarding Aviation Services and Equipment" (PRASE) Survey, West Star Aviation specializes in the repair and maintenance of airframes, windows, and engines, as well as major modifications, avionics installation and repair, interior refurbishment, surplus avionics sales, accessory services, paint and parts.

In addition to its facilities in East Alton, IL; Grand Junction, CO; Chattanooga, TN, and Perryville, MO, West Star Aviation runs maintenance operations at Aspen-Pitkin County Airport in Aspen, CO; Chicago Executive Airport in Chicago, IL; Centennial Airport in Denver, CO and Conroe-North Houston Regional Airport in Houston, TX. The company also provides complete FBO services for transient aircraft at its newly remodeled East Alton and Grand Junction facilities. West Star Aviation is an industry leader in technical experience and expertise while providing world-class customer services in all the organization's divisions.
