January 11, 2012

West Star Aviation, Inc.  
796 Heritage Way  
Grand Junction, CO 81506-8643

**FEDERAL AVIATION ADMINISTRATION PARTS MANUFACTURER APPROVAL**

In accordance with the provisions of Title 14, Code of Federal Regulations (14 CFR), Part 21, Certification Procedures for Products, Articles and Parts, subpart K, the FAA has found that the design data, based on a licensing agreement by Premier Air Center (dba. West Star Aviation, Inc.), with your letter dated January 5, 2012 meet the airworthiness requirements of the regulations applicable to the products on which the articles are to be installed. Additionally, the FAA has determined that West Star Aviation, Inc. has established the Quality System required by § 21.307 at 796 Heritage Way Grand Junction, CO 81506-8643. Accordingly, Parts Manufacturer Approval (PMA) is hereby granted for production of the replacement articles listed in the enclosed Supplement No. 04.

You are reminded that the provisions of 14 CFR, Parts 21 and 45, noted in our PMA letter of approval dated April 30, 2004, also apply to the enclosed PMA Listing-Supplement No. 04. The enclosed supplement should be retained with the original PMA letter as evidence of approval to produce the articles concerned.

Sincerely,

A handwritten signature in black ink, appearing to read "Chris B. Bergen".

*for* Christopher B. Bergen  
Manager, Phoenix Manufacturing  
Inspection District Office

-----End of Listing-----

**Note: The procedures that have been accepted by the type certificate or TSOA holder and their cognizant FAA Aircraft Certification Office, for minor changes to original parts used on type certificated products, are also acceptable for incorporating the same minor changes on identical FAA-PMA replacement parts. The FAA-PMA holder shall be able to show traceability relating to the TC, STC, or TSOA holder on all minor changes incorporated by this procedure. When these procedures are no longer applicable because of completion of the production contact, or termination of licensing agreement or Business relationship, all subsequent minor design changes to the PMA parts must be submitted in a manner as determined by the ACO. Major design changes (reference 14 CFR Part 21 §§ 21.93 and 21.97) to drawings and specifications are to be handled in the same manner as that for an original FAA-PMA.**
