West Star Aviation's Chattanooga facility is located at the Chattanooga Metropolitan Airport (CHA) in Chattanooga, TN. This strategic location provides convenient access to West Star's award winning MRO services from the Eastern sections of the US. CHA is a full service MRO that specializes in business aircraft maintenance, modifications, and interior refurbishment for aircraft ranging in size from turbo prop through stand-up class business jets.

CHA's state of the art facility features 24,424 sq. ft of heated hangar space with 28' high doors, along with 20,424 sq. ft of shop and administrative space. West Star's newly completed state-of-the-art paint facility offers an additional 45,000 sq. ft. of space able to meet all paint needs including that of Global Express, Gulfstream G550, Embraer Lineage and Embraer Legacy 600. With the completion of their new CHA expansion efforts, West Star now occupies over 85,000 sq. ft of space at the Chattanooga Metropolitan Airport.
