FOR IMMEDIATE RELEASE

West Star Aviation Makes Extensive List of STCs Available

July 11, 2019 - West Star Aviation will be making several of their existing STCs available for a limited time to third party installation centers. These STCs are offered for most airframes including Citation, Challenger, Learjet, Embraer, Falcon, Gulfstream and Hawker.

"This is a unique opportunity we are offering for a limited time," said Dave Feuerhak, Technical Sales Manager, Avionics. "Access to our extensive library of STCs will allow other MROs to complete installations and upgrades that were previously uneconomical due to the high cost and time required to develop their own," Feuerhak continued.

Each STC will be issued as a one-time use with a Letter of Authorization (LOA) and be specific to each aircraft and associated serial number. For a complete listing of all of the STCs available, please visit the company's website.

West Star is proud to have been voted the #1 Preferred MRO for six consecutive years from 2014-2019 in Professional Pilot Magazine's annual PRAISE Survey. The survey first included the 'Most Preferred MRO' category in 2014 and West Star has won the #1 slot each year since its inception. West Star Aviation specializes in the repair and maintenance of airframes, engines and APUs, avionics installations and repair, major modifications, interior refurbishment, exterior paint, surplus avionics sales, accessory services and parts.

In addition to its primary facilities in East Alton, IL; Grand Junction, CO; Chattanooga, TN; and Perryville, MO, West Star Aviation also maintains satellite facilities at Aspen-Pitkin County Airport in Aspen, CO; Chicago Executive Airport in Chicago, IL; Centennial Airport in Denver, CO; Conroe-North Houston Regional Airport in Houston, TX; Minneapolis/St. Paul International Airport in Minneapolis, MN and Scottsdale Airport in Scottsdale, AZ. The company also provides complete FBO services for transient aircraft at its East Alton and Grand Junction facilities.

West Star Aviation is an industry leader in technical experience and expertise while providing world-class customer services in all the organization's divisions. For more information visit www.weststaraviation.com or call 800-922-2421.
