Satellite Manager (MSP)

office 612.727.1286

West Star's Minneapolis Satellite is located at the Minneapolis-St. Paul International Airport (MSP), and is in close proximity to the six Minneapolis airports (MSP, FCM, ANE, STP, MIC, LVN). Originally established in 2009 as MSP Aero it is now a part of the West Star nationwide Satellite network providing aviation services to flight departments.

Satellite locations offer 24/7 on call AOG Mobile service, along with limited maintenance and avionics repairs. When necessary, satellite locations utilize resources from one of the four full service MRO facilities located at East Alton, IL (ALN), Grand Junction, CO (GJT), Chattanooga, TN (CHA), and Perryville, MO (PCD).

West Star Minneapolis is an FAA Certified Repair Station with a respected and trusted name in the aviation industry for world-class services including avionics services, airframe repair and maintenance, interiors, minor paint and window restoration on all types of aircraft from business jet to rotor wing.
