West Star Aviation's Chattanooga facility is located at the Chattanooga Metropolitan Airport (CHA) in Chattanooga, TN. This strategic location provides convenient access to West Star's award winning MRO services from the Eastern and Southeastern sections of the US. CHA is a full service MRO that specializes in business aircraft maintenance, modifications, and interior refurbishment for aircraft ranging in size from turbo prop through stand-up class business jets.

CHA's state of the art facility features 72,500 sq. ft of heated hangar space. West Star's newly completed state-of-the-art paint facility offers an additional 48,000 sq. ft. of space able to meet all paint needs including that of Global Express, Gulfstream G550, Embraer Lineage and Embraer Legacy 600. With the completion of their new CHA expansion efforts, West Star now occupies over 165,500 sq. ft. of space at the Chattanooga Metropolitan Airport.

West Star's CHA facility is an FAA authorized repair station and service center for select corporate airframes. In addition, West Star has maintenance capabilities for most business and corporate airframes, including:
